

# Attaching Borders

## Attaching First Border Elements

- Measure quilt length (or width) through center

- Cut (& piece if necessary) Border Strips to desired width and EXACT length of measured center
- Fold cut border strip in half and mark center
- Pin center of border to center of quilt top
- Pin ends of border to end of quilt
- Continue pinning easing or stretching quilt top as needed
- Attach with  $\frac{1}{4}$ " seam
- Press seams in single direction

## Attach Next Border Set

- Measure through center and repeat steps from above
