

## We're not just dealers. We're owners.

When you purchase an HQ quilting system from us, you don't just get a machine. You get real life experience and education from dedicated quilters. Each of us owns an HQ which we proudly use in our home studios.

**Considering a Fusion?** Ask Sandy why she prefers to quilt on an HQ. Her Fusion is her third HQ system. When you take our long arm classes, or join our monthly club, you benefit from her years of ownership and use.

**The HQ18 Avanté** is Deb's machine of choice. She's added a Pro-Stitcher, too. She began on an HQ Sixteen and recently upgraded to the newest system. She'll tell you she's still training, and she'll make sure you get trained, too. She can walk you through the set up and loading and the how to of getting started.

**And Viv?** She's a self-confessed fabric pusher. Her HQ Sit-down system lets her do what she does best - sit and quilt!

But you don't need to remember who's who. You can talk to any of us about any of these systems. And, you don't need to visit our homes, you can try any one of them in the Sew Inspired Studio.
